Discovering Spectacular Places: A Journey Through Natural Hidden Wonders

Prepare to explore and see some of the most breathtaking places in the Algarve. **Dona Ana Beach**, is an iconic beach located between Praia do Camilo and Praia do Pinhão near Lagos Old Town. Here you can admire overhanging cliffs, a beachside tavern, and fantastic facilities. Known for its crystal-clear waters, unique rock formations, and stunning sandstone cliffs.

The town of **Luz** is situated in the Western Algarve, between Lagos and Burgau, just an hour from Faro airport. It is a seaside town that's both a great base for exploring the region and a self-contained holiday retreat. This charming destination boasts a pristine blue-flag beach, perfect for families. Here you will also have the opportunity to see Rocha Negra (Black Rock) a striking cliff formation on the eastern part of the village. Created millions of years ago by a volcano, this unique black granite formation possesses a magical quality, sculpted by nature's hand years ago.

Ponta da Piedade is a collection of rock formations, rising up to 20 meters above the Atlantic Ocean. These formations create natural arches, caves, and towers that captivate travellers and offer breathtaking views from Carvoeiro to Sagres.
